UNCOVER CRAFT OF MILLIONS IN WAR CONTRACTS

 Raid Conducted On Offices
Of Contractors at the
National Capital

**MANUFACTURERS TO DEAL
WITH GOVERNMENT DIRECT**

 Big Commissions May Be
Deducted From War
Orders

WASHINGTON, June 18.—Several thousand letters and documents containing proofs of an elaborate system of obtaining government contracts on the illegal contingent fee basis, were received today by the department of justice from its agents who conducted raids on hundreds of contractors' business offices late yesterday.

The commissions paid on these contracts, it was disclosed, ranged from five to twenty per cent, and the aggregate fees probably ran into millions of dollars.

Evidence was disclosed of hundreds of contracts made under these arrangements heretofore suspected by the department of justice. Manufacturers were threatened in many cases with being deprived of contracts if they refused to negotiate with these agents on a commission compensation plan. Some agents represented that they had special influence over members of Congress.

An immediate result of the disclosure was a letter sent by Attorney-General Gregory to heads of all government departments making war contracts proposing that all future contracts should contain a clause pledging the manufacturer not to employ any third party in negotiations with the government.

"A situation which has arisen in the matter of government contracts seems to me to require summary action," said the attorney-general. "Owing to the tremendous increase in government business and the speed with which it must be executed, some manufacturers because of ignorance or misinformation have thought it necessary to negotiate with the government through contract brokers on contingent fee operators."

It follows that the system requires a contractor in making his estimate to load his bid with the contingent fee item. The courts have universally condemned the contingent fee contract. The method employed by the contingent fee operator are often ingenious and reprehensible, and in view of the fact that the average fee is five per cent, the resulting cost the government is very great. As a means of breaking up this practice, I have prepared the following form of covenants, which the President requests shall be inserted in all government contracts:

"The contractor expressly warrants that he has employed no third person to solicit or obtain this contract in his behalf or to cause or procure the same to be obtained upon compensation in any way contingent, in whole or in part, upon such procurement; and that he has not paid, or promised to agree to pay to any third person in consideration of such procurement or in compensation for services in connection therewith any brokerage, commission or percentage upon the amount receivable by him hereunder; and that he has not, in estimating the contract price demanded by him included any sum by reason of any such brokerage or percentage; and that all monies payable to him hereunder are free from obligation to any other persons for services rendered or supposed to have been rendered in the procurement of this contract. He further agrees that any breach of this warranty shall constitute adequate cause for the annulment of this contract by the United States and that the United States may retain to its own use from any sums due or to become due thereunder an amount equal to any brokerage, commission or percentage so paid, or agreed to be paid."

"As an additional protection it is requested that your department adopt as a regulation the following language taken from Section 3722, page 735, Revised Statutes, as applied to the navy department:

"And no person shall be received as a contractor who is not a manufacturer or of regular dealer in the articles which he offers to supply."

"This will synchronize the action of officials of your department with that of the law from transferring his contract of order, or any interest therein to any other party."

The government will prepare a record of all contracts now being executed on which it has proof of the payment of said contingent fees, and may deduct from the payment to these contractors the sum covered in the commission fee. Officials calculate roughly that this will save millions of dollars to the government on contracts now under way. There is no ground, however, for taking criminal action against the manufacturers who had these agreements.

Neither can commission agents be prosecuted for accepting fees, although in many cases it is demonstrated that they worked with others in a conspiracy to violate the law forbidding contingent fees and subletting of contracts and consequently

EIGHTY THOUSAND HUNS KILLED, WOUNDED OR CAPTURED DURING THE OFFENSIVE IN NOYON SECTOR

PARIS, June 18.—Eighty thousand Germans were killed, wounded or made prisoner during the offensive between Montdidier and Noyon, Captain Andrew Tardieu, who accompanied Premier Clemenceau to the front on Sunday told Marcel Hutin, editor of the Echo de Paris, upon his return to Paris.

"This is a figure which should make even Ludendorff reflect," he said.

WIDOW OF BUSCH IS DETAINED AT KEY WEST, FLA.

WASHINGTON, June 18.—Mrs. Adolphus Busch of St. Louis, returning from a long stay in Germany, is held temporarily at Key West, Fla., for examination by the immigration authorities and agents of the department of justice. She is chief owner of the great brewery and other properties ordered taken over yesterday by the alien property custodian.

Various questions are to be asked Mrs. Busch, concerning chiefly her American citizenship, her movements while abroad, and what, if any, means she now has of communicating with persons in Germany. Deportation is not contemplated, officials said today, and Mrs. Busch's release in a day or two is expected.

The government has been kept in touch with the return journey of Mrs. Busch from the time she left Germany about six months ago after a stay of several years. She came by way of Switzerland, Spain and Cuba. She has two children in Germany, one of whom is married to a captain in the German army and the other to a German business man.

A stubborn fight will be made to regain the property taken over by the government, it is generally understood.

Harry D. Hawes, of St. Louis, counsel went to Switzerland to confer with Mrs. Busch when the government took its first step in the case last November and he has since announced that as soon as he returns proper reports will be made to the government.

PLAN REMEDY FOR PIRATING OF HELP

COLUMBUS, June 18.—Production of some Ohio factories have been seriously impaired by the so-called "pirating" of help that Fred C. Croton, chairman of the labor committee of the Ohio Defense Council, has called a meeting at the state house to be held tomorrow instead of today as previously announced, of employing managers to plan a remedy for the evil.

It is expected that attempts will be made to organize the unskilled workers into a workers' reserve, in order to draw help from this reserve instead of taking it from the essential industries.

GERMANS DEJECTED OVER ARRIVAL OF AMERICAN TROOPS

GENEVA, June 18.—The enthusiasm created by the first German offensive has passed and a feeling of profound dejection reigns among the German people, according to an interview with a neutral diplomat who has just arrived in Geneva from Berlin, in La Suisse. The people at home expected a quick victory from the reports in official bulletins and above all a quick peace. The principal question asked in Berlin last week was: "Have we entered Paris?"

The economic situation in the interior of Germany, the diplomat declared is becoming more and more serious.

Germans, both military and civilians now realize and virtually admit that the constant arrivals of fresh American troops will turn the tide of the war.

The diplomat concluded his interview with a statement that during a recent secret setting of the Reichstag the question of autonomy for Alsace-Lorraine was discussed officially for the first time since the beginning of the war.

GERMAN TROOPS IN SOUTHERN RUSSIA BEGIN OFFENSIVE

LONDON, June 18.—German troops in southern Russia began an offensive eastward on the Voronezh front on June 15, says a Russian government wireless message. The Germans are advancing in the Varniska, Rostov and Vellisk regions, and Foreign Minister Tschitcherine has informed Ambassador Joffe at Berlin of the latest developments. The ambassador was advised that the German commander on the Voronezh front had proposed a new boundary line to the Russian commander.

The Bolshevik war department has ordered the mobilization of all workmen and peasants born from 1893 to 1897 in a large number of provinces. The men are called for six months' active service and those refusing to serve will be punished by revolutionary tribunals.

SUNDRY CIVIL BILL IN SENATE'S HANDS

WASHINGTON, June 18.—Carrying appropriations totalling \$2,915,000, including \$1,781,701,000 for the ship building program, \$50,000,000 for the President's emergency war fund and \$1,250,000 for the committee on public information, the sundry civil bill was today in the hands of the senate. It was passed by the house yesterday without a record vote after items amounting to \$12,000,000 had been inserted.

LARGE CLASS FOR VEILED PROPHETS

COLUMBUS, June 18.—More than one hundred candidates will be initiated here tonight at a special ceremony to be held in connection with the twenty-ninth annual session of the supreme council of the Mystic Order of Veiled Prophets of the Enchanted Realm, which opened today.

TELLS OF SINKING OF GERMAN SUB OFF VIRGINIA CAPES

AN ATLANTIC PORT, June 18.—Members of the crew of an American steamship arriving here today reported an engagement with a German submarine off the Virginia capes yesterday in which the ship's naval gunners made a clean hit and either sank the undersea craft or disabled her. The American vessel was not damaged.

The American liner had put into the mouth of Chesapeake Bay for shelter in response to submarine warnings and there anchored near an American submarine tender alongside which was moored the undersea craft which was taking on provisions and fuel, officers of the vessel stated. An interchange of wireless messages followed in which the submarine crew is reported to have told of its victory.

The U-boat was sighted while the American craft was patrolling with only her periscope visible, according to the story the American skipper is alleged to have told. When within range a torpedo was released and 20 seconds later microphones recorded a terrific explosion, he was quoted as saying. Rising to the surface the American submarine circled about on the lookout for survivors, but only trace found of the vanquished raider, narrators of the story said they had been told.

SINKING NOT CONFIRMED.

WASHINGTON, June 18.—No word had reached the navy department today of the destruction of an enemy U-boat by an American submarine as reported by passengers arriving on a steamer from an Atlantic port. Constant firing of patrolboats and armed merchantmen at any suspicious object on the water has given rise to many such reports during the past few weeks.

O'LEARY CHARGE WITH VIOLATION ESPIONAGE ACT

NEW YORK, June 18.—Jeremiah O'Leary, Sinn Féin leader, who was arrested in Washington state last week after fleeing from trial here on charges of espionage act violation, arriving here today from the west in custody of federal officers.

Since his disappearance from New York on May 7, O'Leary has been indicted with two German subjects and four other Americans for complicity in alleged plots to commit espionage in behalf of Germany and treason against the United States.

The prisoner on his arrival was in custody of Charles F. Dewoody, chief of the New York bureau of the department of justice. Previous to his arraignment he was taken to Dewoody's office and later to the office of Assistant District Attorney Matthews in the Federal building.

O'Leary in a talk with newspaper men professed to have been ignorant of the fact that his brother, John J. O'Leary, is now on trial here for alleged complicity in a plot to remove Jeremiah from the court's jurisdiction.

"Is it true that your brother helped you to escape?" the prisoner was asked.

"I think that an unfair question," was the answer.

"Do you think a poor, lone easterner like myself would go up against three husky, armed westerners," O'Leary replied with a broad smile when asked whether he participated in gun play at the time of his apprehension at Sara, Washington.

"O'Leary was taken before Federal Judge Learned Hand and arraigned on the treason and espionage conspiracy indictments. He pleaded not guilty to both charges and was held without bail on the treason indictment."

NOTED PHYSICIANS FROM BATTLEFIELDS TO ADDRESS MEDICS

COLUMBUS, June 18.—First-hand information on the medical phases of the fighting on the western front will be brought to Ohio physicians by some of the most prominent British, Canadian and American doctors in the service at a meeting arranged by the medical section of state council of defense for Cleveland, June 22.

Among the speakers will be Sir Arbuthnot Lane and Sir James MacKenzie of London, specialists in reconstruction hospitals; Colonel H. A. Bruce, consulting surgeon of the Canadian expeditionary force; Major William E. Lowe, Cleveland, on leave from the Lakeside hospital unit in France; Dr. Frank Martin and Dr. Henry D. Jump, representing the national council of defense.

The meeting is intended to bring to the physicians of Ohio, first-hand information as to medical and surgical needs of the war and the necessity of organized medical attention during the war, both in this country and abroad.

MILLION AUSTRIANS IN BATTLE ARE STOPPED BY THE VICTORIOUS ITALIANS

THOUSANDS OF ENEMY CORPSES STREW THE
BATTLEFIELD OVERLOOKING THE MOUNTAINOUS SECTOR AND ALONG
THE PIAVE RIVER

BITTER FIGHTING IN PROGRESS AND AUSTRIANS SUSTAIN LOSSES IN ITALIAN COUNTER-ATTACKS

Large Number of Machine Guns and Many Prisoners Taken by the Allied Troops Between Zenson and Fossalta, While Enemy Has Not Renewed Attack on the Mountainous Front and Around Montello While Attempt to Cross the River Northeast of Treviso Was Bloodily Repulsed.

Italian Headquarters, June 18.—Bitter fighting is in progress along the Piave river. The Austrians are sustaining large losses from the concentrated fire of Italian batteries. Repeated counter-attacks are being made by Italian infantry inflicting heavy casualties on the enemy.

Italian Headquarters, June 18.—The "hunger offensive," as the Austrian prisoners describe it, is being carried on with the greatest severity on the Piave front, where it is apparent the Austrians have massed large bodies of troops. In the mountainous regions to the north the fighting for the present is limited to local attacks and counter-attacks. The enemy is making desperate efforts to retain the positions he obtained during the initial stage of the offensive on the western bank of the Piave, at the point where he still has a foothold across the river.

There is no question that the spirit of the Italian troops is excellent. Nevertheless the general situation is regarded as serious. On Austrian prisoners have been found copies of a speech delivered by Emperor Charles shortly before the offensive was begun.

"Before you is the enemy," said the emperor. "There glory awaits you, and also honor, good food, abundant spoils, final peace. With the help of God, make the supreme sacrifice for your king, for liberty, and for your beautiful fatherland."

One of the prisoners, an officer, said he always had maintained it was a mistake to press the Italians too hard.

"They fight like demons for their own soil," he remarked.

Rome, Monday, June 17.—In their attacks between Zenson and Fossalta along the Piave, the Austrians have been stopped everywhere, says an official statement issued tonight by the Italian war office. In the mountainous region and around Montello, there have been no infantry attacks by the enemy.

The Allied troops have taken several hundred additional prisoners and some machine guns. The statement reads:

"On the mountainous front and around Montello the enemy did not renew his infantry attacks. During the day a successful thrust was carried out by our troops. We occupied several positions, capturing machine guns and some hundreds of prisoners."

Important actions developed south of Montello and along the Piave in the zone between Zenson and Fossalta, but the enemy everywhere was stopped by our counter-attacks. Several hundred prisoners were left in our hands.

Enemy attempts to cross the river between Maserada and Candelo (northeast of Treviso) were bloodily repulsed. On the lower Piave river other counter offensive actions in the course of development resulted advantageously for us."

92 AUSTRIAN DIVISIONS ENGAGED IN STRUGGLE

PARIS, June 18.—Ninety-two Austrian divisions, consisting of 80 divisions of infantry and 12 of cavalry have been hurled into the greatest battle that Italy has yet fought, according to an official announcement at Rome received here through the Havas agency. Seventy-one of these divisions have already been identified.

The forces engaged comprise three-fourths of the whole Austrian army and the choicest troops under the command of Field Marshal Bodovici. The number of men in an Austrian division is not exactly known, but the number of divisions engaged would indicate that approximately one million Austrian soldiers have been thrown into the battle.

Papers found on officers show that after forcing the passage of the Piave the first day's objective was the Treviso-Montebelluna railroad. In two days of fighting the enemy columns had succeeded only in realizing the minimum assigned for the first day, according to the official note issued at Rome. But one single Allied aviator has been lost during the Austrian offensive, while forty-four enemy machines have been brought down.

In artillery and airplanes Austria is using all her available resources," says the official note. "Not less than 7,500 cannon of all calibres have been brought into action. Three Austrian-Hungarian armies under the command of Field Marshal Bodovici

GERMAN ARTILLERY ACTIVE.

LONDON, June 18.—The German artillery was more active than usual last night along the Ancre river, south of Albert and west of Serre, according to the statement issued by the war office today. The statement says:

"A hostile raiding party was repulsed by us last night southeast of Villers-Bretonneux. We secured a few prisoners. Other prisoners and a machine-gun were taken by us in successful raids southwest of Albert, in the neighborhood of Moyenneville (on the northern side of the Somme salient) and in patrol encounters east of the Nieppe forest on the western side of the Flanders battle area."

ITALIANS HOLDING THEIR LINES INTACT

(Compiled from A. P. Dispatches.) Holding their lines intact along virtually all the ninety miles of battle front from the Adriatic, to the Asiago plateau, the Italian and Allied armies appear to have given the Austrian armies a serious setback. Approximately 1,000,000 Austrians have been hurled against the Italian front, but have gained little except along the Piave river, where their progress is seemingly too slow to be threatening to the Allied positions.

Losses which are described as frightful have been inflicted upon the Austrians in the areas where the principal fighting has taken place. In the mountainous country where the British have been holding their positions solidly thousands of the enemy have perished, while they have paid heavily for every foot they have advanced along the Piave river front.

In the Montello area, on the upper Piave, the Austrians seem to have gained a foothold on the west bank of the river. North of Zenson loop and at Capo Sile, lower down, they have also moved westward, but their greatest gain does not extend two or three miles. It seems that so far in the battle, the Austrians have gained the most ground at Capo Sile, a village situated west of the Piave and surrounded by low marshy land, which in itself does not lend itself readily to the rapid advance by the Austrians.

There are hints of a counter-offensive in reports from Italy. The success of the Italians two weeks ago in the mountainous country to the west of Lake Garda and the evident concern of the Austrian command over an advance there may indicate that if the Italians strike back it may be along this part of the front. A success there would isolate the Austrian forces fighting east of Lake Garda and turn the right flank of the enemy armies.

While the gigantic Austrian attempt to break through to the plains of Italy has occupied the center of the stage, events of importance may be taking shape in the Somme battle field. Heavy firing by the German artillery in the Ancre valley and northward to Serre is reported by the British. It is on this part of the front that a German attack has been expected by the Allies and the German bombardment may be the prelude of a resumption of the enemy's offensive in France.

are liable to prosecution under con-
spiracy laws.
Officials today declined to say

definitely whether they were plan-
ning arrests in addition to the four
made here yesterday, but it is con-
sidered certain that action will be
taken against a number of commis-
sion agents now known to have op-
erated in Washington and to a lesser
extent in New York and other cities.
In the documents seized during
the raids yesterday were a number
of circulars distributed boldly to
manufacturers by commission con-
tract agents, who stated in plain
terms that they had great influence

with government officers who let
contracts and guaranteed to obtain
orders for their clients. In addition
to the offices raided by secret agents
in Washington, a number of others
are under surveillance. It was re-
ported today that some of these had
closed their headquarters this morn-
ing after reading of the department
of justice's disclosures.
Further steps to stamp out con-
tract frauds were discussed today at
the cabinet meeting. Secretaries Ba-
ker and Daniels particularly sought

to hasten inquiries into contracts let
by their departments to ascertain
whether any officers actually were
influenced by contractors or their
agents.

CLASS OF 14 TO GRADUATE THIS EVENING

GUNNER DEPEW TO SPEAK HERE THURSDAY NIGHT

A great Chicago newspaper has
said that Gunner Depew's story,
"Is the most vivid picture of German
brutality ever related." Depew will
speak at the Newark High School
Auditorium Thursday evening, June
20, under direction of the Newark Ro-
tary Club.

If you have any doubt in the
world as to why America is in this
war against Germany, why the whole
world is in arms against this one
great monster nation, that doubt will
be dispelled after you have heard
this American sailor boy's narration
of his experiences in four detestable
German prison camps.

Gunner Depew has seen Germany
—not only across "No Man's Land,"
but from the other side, from the in-
side out.

Out of the four camps in which he
was held prisoner this American sail-
or lad has brought a story of cruel-
ty, inconceivable.

Two of his friends—American
boys, too—were crucified by the Huns.
Depew is back in America, blinded in
one eye, wounded five times—knock-
ed out.

No longer need we believe the
stories of German cruelty, scientific-
ally pursued, to be imaginary. This
boy has seen it with his own eyes, has
lived in and lived through it.

And if there is a man who can
hear this simple, straight-forward
fact-story without boiling, his
American soul is too dead for any
use.

Gunner Depew, whose book, "Gun-
ner Depew," has suddenly brought
him national fame, entered the
French service in 1914 and was gass-
ed, bombed, bayoneted and torpedoed
during his two years of fighting over-
seas. But he came back with a great,
big smile and it is because of the
smile in his heart, as well as his face,
that the American public are
growing to love this slight youth of
the Foreign Legion and who are
everywhere flocking to hear his nar-
rative. Admission will be free but a
collection will be taken to defray the
expenses of the meeting. The date is
8 p. m. Thursday, June 20.

MILLION AUSTRIANS IN BATTLE STOPPED

(Continued from Page 1.)

Italian front has been checked for
the moment if not brought to com-
plete failure. Fighting has ceased
in the mountains from Lake Garda
to the Piave, where the Allies broke
up the first enemy blows. Along the
Piave the Austrians have been unable
to advance from the western bank
of the river.

Despite months of preparation and
a stupendous preliminary bombard-
ment, the Austrian attack in the
north on the Asiago plateau and be-
tween the Brenta and the Piave col-
lapsed almost at its inception before
the stout resistance of the French
and Italians. Although their offen-
sive began Saturday, the Austrians
on Monday had given up, at least mo-
mentarily, their efforts to reach the
Venetian plains to the south. In
counter thrusts the Italians Monday
regained several positions in the
mountains.

Around Montello, just below
where the battle line reached the
Piave, the Italians still hold their po-
sitions awaiting further efforts, but
the enemy made no attacks there
Monday. The enemy command is re-
organizing the units shattered in the
attempt to overcome the important
height.

Between Zenson and Fossalta, a
distance of less than three miles, the
Austrians succeeded in crossing the
river after having been defeated in
efforts to debouch north and south
of these points. Zenson is west of
Tessio and if the Piave line should
break while the northern line holds,
the Venetian plains would be opened
to the invaders.

Rome, however, in its latest state-
ment, reports that all the Austrian
efforts to enlarge the gains on the
western bank between Zenson and
Fossalta have been checked by
counter-attacks. Prisoners taken by
the Italians, French and British now
total 5,000.

The latest report from Vienna
makes claim of no marked gains ex-
cept the capture of Caposile on the
west bank of the Piave south of Fos-
salta. The number of prisoners is
now reported as 12,000.

Emperor Charles is reported to be
in the southern Trentino directing
the offensive and dispatches from
Switzerland say that thousands of
troops are being sent into the Tren-
tino. Further Austrian efforts un-
doubtedly may be expected.

Activity on the front in France
continues of a minor character. Ger-
man efforts to drive the French from
their new gains around Hautebrays,
northwest of Soissons, were repulsed
by the French, who increased their
captures to 370 prisoners. Small
raids have been carried out by the
Germans against British positions in
Picardy and Flanders.

American positions northwest of
Chateau-Thierry are being bomb-
arded heavily with gas shells and there
are indications that the enemy may
again try to drive the Americans
from Belleau wood and other terri-
tory recently gained. The enemy at-
tacks have also been increased along
the Marne east of Chateau-Thierry,
but there has been no infantry ac-
tion. On the Lunerville front enemy
raiders have captured a few Ameri-
can prisoners, while in the Vosges,
in Alsace, American gunners broke
up a German raid.

ARMY CAPTAIN DISMISSED.

(Associated Press Telegram)
Washington, June 18.—Dismissal
of Captain Frederick C. Spang of
the quartermaster corps, after trial
by court-martial, for selling empty
flour sacks to civilian dealers at
Camp Travis, Tex., was announced
today by the war department.

Captain Spang was connected with
the camp bakery. He was charged
with disposing of some 20,000 empty
bags for which he got about \$1600.

OHIO TROOPS DEPART FROM CAMP SHERIDAN

Montgomery, Ala., June 18.—With
the departure of more of the Ohio
outfits for another camp "Somewhere
in America," Camp Sheridan again
settles down to hard work and the
remaining Ohioans will not loaf dur-
ing the coming week.

The One Hundred and Thirty-Sixth
Field Artillery, the Ammunition and
Sanitary Train have left Sheridan,
presumably for Camp Upton or Camp
Merritt. To take their places have
come the Forty-Fifth and Forty-Sixth
infantry, and the Twenty-Sixth Ma-
chine gun battalion, all outfits under
strength and to be filled with draft
men from Ohio and Indiana. Both
of the infantry regiments bring many
Ohioans enlisted last year at Ft. Ben-
jamin Harrison.

The sending of some of the Ohio
outfits to the New Jersey camp was a
disappointment to officers and men
alike, all desiring that the outfits be
sent to Petersburg, Va., where the
infantry regiments and machine gun
battalions are located. The only
hope now is that the division be re-
assembled at the port of embarka-
tion when the overseas order is re-
ceived.

GRAFTED PIECE OF RIB TO HIS SKULL

(Associated Press Telegram)

Columbus, June 18.—When Simon
Dolsen, 26 years old, a Belgian
veteran of three years' fighting in
France, discovered that the hole
made in his skull by a German bullet
could be repaired by an operation
which probably will put him in shape
to return to the battle front, he im-
mediately applied to Dr. Andre Crot-
ti, a surgeon here, to have it per-
formed.

The operation was performed by
grafting a piece of the soldier's rib
to his skull. He is reported to be
well on the way to recovery and ex-
pects to apply to his government for
re-enlistment in a short time.

DIED FROM WOUNDS.

(Associated Press Telegram)

Lancaster, O., June 18.—M. L.
Hoffman, living near here, received
a telegram today from Washington,
notifying him of the death of his
son, Harry Hoffman, aged 28, who
was reported wounded in action in
France, May 29. He was a member
of the United States marine corps,
having enlisted a year ago.

AMERICANS KNOW A GOOD THING

Trust the People to Find Out What
is Good for Them

All over the country folks are
learning, that after the long hard
winter's pull, lack of green food and
fresh air, they are usually run down,
have no appetite, are nervous and
in bad shape generally.

Spring to them is a season to be
dreaded, their thin, watery, poisoned
clogged blood and weak nerves robs
them of all ambition or desire to
work and takes the pleasure out of
life.

For such men and women doctors
are recommending Phosphated Iron
which goes to the very root of all
blood impurities and nervous trou-
bles. They claim it helps purify
the blood by making it over anew,
while the way it relieves tired, fag-
ged out nerves is almost too good to
be true.

The confidence that the American
people and prominent doctors have
shown in Phosphated Iron, while re-
markable, is not surprising, as it is
one of those honest preparations that
never disappoints. As a man said in
recommending to his neighbor, "it's
results that count, and you can bank
on Phosphated Iron it is the 'goods',
everyone that tries it is a booster, it
sure did put me on my feet when I
was almost down and out."

Every man, woman and child that
has thin, watery, impure blood, no
strength, or appetite, weak nerves
and is all played out generally, can
come back strong, be a live one once
again, enjoy restful sleep and get up
facing the world with a smile if they
will try Phosphated Iron, the red
blood and nerve builder.

To insure physicians and their pa-
tients getting the genuine Phos-
phated Iron we have put in capsules
only, do not take pills or tablets. In-
sist on capsules.

"TANLAC HELPED MOTHER AND ME"

Lancaster Man Tells How It Built
Up Their Health.

"I feel a lot better," said Carl
Otto, telling how Tanlac relieved him.
He is employed by the Lancaster
Lens company and lives on South
Broad street.

"For months I was troubled with
poor digestion," he says. "My
trouble had been coming on for over
two years, and during that time I
never felt exactly right."

"Father came home with a bottle
of Tanlac for my mother. I didn't
think much about it at first, but my
mother praised it so highly after she
had taken it for about a week that I
wondered if it would help me.
Without saying a word I took a dose
or two just to see. It either helped
me or I thought it helped me. Any-
way it was sufficient to make me go
and get a bottle."

"Mother and I have now used
three bottles between us, and it has
put both of us on our feet. My
stomach does not bother me any
more, and I'm a hearty eater, too,
since taking Tanlac. I can tackle a
heavy meal and do justice to it."

Tanlac is a vegetable tonic that
has built up thousands of people. If
you are all run down and need a
tonic get it today. It will do for
you what it has done for thousands
of others.

Tanlac remedies are being intro-
duced in Newark at Erman's Arcade
Drug store. Tanlac may also be
procured at the Evans pharmacy
(Warden Hotel block, east side
square, Newark), and the Hebron
Drug store, Hebron, O.—(Adv.)

THREE GENERATIONS OF WOMEN

For three generations women of
this country have used and recom-
mended to their children and chil-
dren's children the use of that fam-
ous old root and herb remedy, Lydia
E. Pinkham's Vegetable Compound,
until today it is recognized every-
where as the standard remedy for
woman's ills. It contains no nar-
cotics or harmful drugs; is made
from roots and herbs of the field un-
der the most sanitary condition, and
any woman suffering from such ail-
ments should be sure to give it a
trial.

AFTER THE SPIES.

With the espionage act in force, the spies among us will not have so comfortable and easy a time. But there is much to make one think they are still exceedingly active.

For instance, one of the seamen whose ship was sunk during the recent U boat raid, gives this information. He said that the submarine lay somewhere off New York harbor, and had wireless signals through the evening giving the news of the day. Is it not irritating to think that things can go on and we may be helpless to prevent it? The Germans of course have their agents in every important Atlantic town, fitted up with all the paraphernalia to communicate with our foes outside our harbors.

There has not seemed to be many explosions in munition plants, fires in food warehouses of late, as there were for a time. This does not mean that the spies have given up. They have simply found out other more profitable employment.

One of the most dangerous things they can do is to submit to being drafted into the United States forces, with the idea of giving information to the enemy when they get into the trenches. Our success will depend much on our ability to concentrate large bodies of troops without the Huns knowing it. If we have traitors in our uniform, this may be impossible.

Every man in our army should be thoughtfully studied by his superiors, to see if he shows any signs of crooked work.

In our home towns, the business of the spies is principally to promote propaganda and to block our war work in factories. Every once in a while you run across some dirty story they fathomed.

If war material runs short or machinery breaks down, some one knows why. Every loyal American should co-operate with the national spy catching movement. Everything suspicious should be promptly reported.

PUBLIC RECORDS.

The work of conscripting a great army should teach our people the value of vital statistics, and other public records. Where birth records have been well kept, no slacker could get by through lying on his age.

Any slackers who have banked on defective records have been apt to fare hard. The neighbors would usually complain. Public sentiment would insist that a fellow apparently of draft age must serve, unless he could prove that he was under age. Whenever birth records have been well kept, the matter has been settled to the satisfaction of everyone, and fair treatment has been given to all.

Some states make rigid requirements as to keeping public records in fireproof vaults, and as to the paper and ink to be used in record books. Records can not be made any too permanent and secure. In small town public officials are careless in these matters and do not realize their importance. The story is told of a girl who was to inherit a fortune when 19 years old. At a date when her father thought she was only 17, she came forward and claimed the money. There were no vital statistics for those years in the town. A grand fatherly row was in prospect, when her father fortunately recalled that on the day the daughter was born, a calf was also born. He had that down on his

books. It showed where some people's chief interests lie. Good public records settle many legal disputes and are a protection against wrong doing. Good health records trace the spread of disease. The local official who is faithfully putting down the vital statistics and other facts of his community life performs a public service the importance and value of which few of us realize.

CANNED FOODS.

This is the time when provision men usually give orders for canned goods. This year it is said in most cases no orders for these goods are being accepted. The government has taken over most of the canneries. The public can not be sure just how much of these products will be available.

Labor is costing very high on the farms. While a heavy wheat crop is assured, corn is still uncertain. The farmers may not get help enough to raise the usual vegetables. The principal dependence of the American people for vegetables this year will be on their own back yards. The garden will be only a half success if products that come all in a heap are allowed to waste. Every gardener should can all that can be eaten when it matures. With a long row of preserved products in the cellar, a household can laugh at labor and food speculators.

From the way those United States Marines went ahead the other day, it may possibly have penetrated to Mr. Hindenburg's cranium that there may be a thing or two doing by the time a million of those fellows get into the trenches.

It is not perhaps surprising that the American people don't accomplish more, when they pay a moving picture comedian 10 times the salary they give the President of the United States.

Some of the people who criticize the war work so much could use their tongues to better advantage licking war savings stamps.

THE APPEAL FOR SUPPLIES.

(Philadelphia Record.)
Certainly we can get along with 1-4 pounds of beef per week; we can get along without any beef. Fortunately there are pigs enough, and if they were scanty we could get along comfortably on fish and mutton and poultry. We are in no danger of going hungry. All that is asked of us is that we will change our diet sufficiently to afford ample food for the armies of democracy and assure against starvation the populations that have been too much engaged in fighting to raise their usual amount of food.

And if the demands for supplies of every sort that General Pershing is sending are beyond anything that was anticipated, they are assuredly not beyond our means of production or our disposition to do all and everything that is necessary for success, and for the relief of the nations that have been carrying on the contest of light against darkness, of right against brute force, of democracy against autocracy, for four years. The government has only to take what is needed for our own army, for the armies of our Allies and for the support of the people who have been fighting our battles for us, and who have suffered war's devastation on an unparalleled scale.

There are few things in history finer than the readiness and good spirit with which we have already changed our habits at the appeal of our government and for the aid of the people of western Europe. We have done it voluntarily, not under the compulsion of law, and not because the food was not here. The food was here. We have given up wheat and we have given up meat and coal to help the great cause of humanity. We are ready to give up. Probably we shall not have to practice self-denial a great while. But whether the strain be longer or shorter, we are ready to meet it, and stand it as long as necessary without compulsion, because we are heart and soul in the great cause. We have given our sons, and we shall not make any fuss about small things. Let our government take what it and our Allies need; we shall get along very cheerfully on what is left.

PRESIDENT FOR SUFFRAGE

(Ohio State Journal.)
President Wilson hopes that the Senate will adopt the woman suffrage amendment. The House has passed it and now if the Senate adopts it, it will go to the states. The President says:

"The services of women during this supreme crisis of the world's history have been of the most significant usefulness and distinction. The war could not have been fought without them or at their sacrifices endured. It is high time that some part of our debt of gratitude to them should be acknowledged and paid, and the only acknowledgment they ask is their admission to the suffrage. "Can we justly refuse it? As for America, it is my earnest hope that the Senate of the United States will give an unmistakable answer to this question by passing the suffrage amendment to our federal constitution before the end of this session. "Yes, that is the question, can we justly refuse it? The plain answer to that is, No. And then the President's assertion, "the war could not have been fought without them," ought to reach the consciousness of every voter. Think of not letting the women take part in the government they have saved. Let us hope both Senators from Ohio are right on this issue and they see it as the President does.

WASTE OF PAPER.

(Washington Star.)

"Cumbering the record" is a standing grievance to certain members of Congress, who are inclined to regard the official publication of that body as deserving of more consideration than to be treated as a dump for all sorts of writings, originating outside of the big white building on the hill. Lately the complaint against the injection of extraneous matters has become more pointed, as requests from the government printing office have indicated increasing difficulty in securing the necessary labor and paper for the production of the enormous mass of printed matter. Saturday the case came to point on the subject of the introduction into the record of over seven columns of petitions for the immediate adoption of the suffrage amendments, now pending. In connection with the printing of these voluminous communications it was suggested that something be done to relieve the printing offices of some of the heavy burdens imposed upon it by the departments, which are running riot with types and ink in these war days. There are no less than forty-seven different "publicity bureaus" now in full swing, each turning out a large quantity of matter weekly. In addition, the "Official Bulletin," which serves, as far as can be ascertained, no distinctive useful purpose, uses four tons of paper daily. This whole purpose of government printing in war time, with paper and labor scarce, should be investigated and quickly acted upon to the end of reducing the wastage that is apparent to every newspaper editor in the country, to whom goes constantly a stream of printed matter in such volume that at least nine-tenths of it is unavailable. A systematic editing of these publications would not only save paper, but would add to the effectiveness of the reduced output.

The print paper problem is a serious one, and the government should co-operate with the publishers of the country—who are doing their best in the circumstances to conserve the supply—by cutting its own waste. Print economy today is an urgent government necessity, and the feeling now prevailing in the Senate may be turned to good use by the adoption of a system of pruning in the departments and bureaus that will add everybody and stop grievous waste.

Spirit of the Press

Reprisals for German Cruelty.
Secretary Lansing's warning to Germany that retaliatory measures upon German submarines in this country may be taken, if our soldiers are mistreated in German prisons, should be sufficient notice to the Kaiser that it is foolish business to bluff when Uncle Sam is sitting in the game. It is to be hoped most fervently that the Kaiser will not assume, because he is a past master in the game of bluff, that Uncle Sam is also a bluffer. He ought to know better by this time, but, somehow, one almost despairs of the ability of this modern Boer to profit by experience. If he persists in his intentions he is going to be "called" and "called hard." And American popular sentiment will be back of the calling.—St. Louis Post-Dispatch.

Where Are Our Submarines?
To the nervous, excitable person who inquires: "What are our submarines doing?" it is only necessary to point out that there is scarcely anything for them to do. German commerce has been driven from the seas, and it would be impossible to torpedo German cargo or passenger ships if it were our policy to engage in that mode of warfare. The German navy remains in hiding in the Kiel Canal, safe-guarded by prodigious mine fields. It is neither safe nor practical to use submarines in hunting down the U-boats; fleet surface craft are being adapted to that purpose. So for the present our submarines must remain inactive, awaiting an opportunity that may never come.—Springfield Republican.

Pointed Observations

Secretary Daniels must be surprised and pleased to note that he is not blamed for allowing these U-boats to steal into American waters to commit their depredations. The public used to blame Daniels and Baker quite freely, but found that it did no good and quit the practice.—Kansas City Journal (Rep.).

It is a fine notion to put 40,000 negro conscripts together, for camping and for fighting. Race pride has increased men's valor ever since wars began, and whoever thinks the negroes have none of this is greatly mistaken.—Brooklyn Eagle.

Through the centuries in one way or another enlightened humanity is always having to defeat Attila at the Marne.—Chicago News.

If Germany entertained the stupid thought that the people of this country would be cowed by a few schmar performance in our waters, the answer was not delayed. It could be found not only in the deepening purpose of the people, but in the prompt speeding up of enlistments for the navy.—Springfield Republican.

Secretary Lansing wants us to make Prussia hate the idea of war. There is but one way to do it—kill enough Prussians.—New York Evening Sun.

It is officially estimated that the population of Germany at the end of next year will be 7,000,000 less than it was in 1914. This introduces a grim reason why the war can't last indefinitely.—Cleveland Plain Dealer.

It is said that standardized time tables will save the government many thousands of dollars when they are printed so as to be legible they will also save the American public many headaches.—New York Sun.

WASTING ID

If a ruler, careless of the result of his interference, desire only the authority to interfere; and regardless of what is ill-done or well done, cares only that it shall be done at his bidding—if he would rather do two hundred miles' space of mischief than one hundred miles' space of good, of course he will try to add to his territory; and to add infinitely.—Ruskin.

Not Negotiable.
Though the Kaiser has piled up a terrible debt, He will say to his people, "Oh, laws! We shall now very soon pay that debt ready yet With our check on the Bank of the Cise."

Her Fatal Mistake.
Aunt Caline says: Yesterday afternoon I got my dinner work all done up as slick as could be an' was a-sittin' very cam an' pleasured a-puttin' a patch in Zeke's pance which he had tore 'em somethin' scandalous out a nalo. All at once the door opened up an' in come what was left of Iva. Iva was the most of ever seen. Her mouth was so wide she couldn't no wise shut it. "Fer the land's sake!" says I. "What on earth have you been a-doin', Iva?" I says. "Well, Caline," she says, well as she could talk. "I went out to gether some blackberries for jell," she says, "an' you no 'im most offest near sited," she says, "an' I rech out to pick a blackberry an' it were a bumblebee," she says.

Did You Know
That the battle of Waterloo took place 103 years ago today? On the 18th of June, 1815, Napoleon attacked the British army at Waterloo. Napoleon's last effort was made about seven o'clock in the evening when the imperial guard was hurled against the English center. It

was broken and driven back in confusion by the British guards and Wellington, profiting by this success advanced his whole army and drove the French line back in utter demoralization. Napoleon, upon witnessing this disaster, exclaimed: "All is lost!" and turning his horse left the field at a gallop. The French loss at Waterloo was over 37,000 killed, wounded and prisoners.

All Our Fault.
A blessing is the truth direct, Most ills that we endure, Arise from things that we suspect, But do not know for sure.—Washington Star.

Well, then, it would appear if we would shun these ills pernicious, The best thing we could do would be Not to be so suspicious.

His Fatuity.
Nothing in all the realm of human endeavor looks foolisher than a middle-aged man trying to blow a kiss to a young girl not related to him by family ties.—Ohio State Journal.

Wuff!
He took a drink, did Mr. Drove. Then in his mouth he put a clove: And then I heard the dern fool say: "My! This quite takes my breath away!" —Luke McLuke.

Getting a Line on Himself.
We understand the devil won't have him, so we don't know just where the Kaiser is going to spend eternity, but wherever it is we hope someone will see to it that he gets a copy of the history of this war and that he may perceive the discrepancy between the fame he craved and the infamy he achieved.

Can't Put 'Em Across.
The best laid plans of mice, you know, Gang all a-cleer, they say. The best laid plans of Huns will go. The very same way.—Newark Advocate.

This saying, sir, holds good we know in every kind of life. And Hindenburg will find it so. When Pershing hands him his! —I. G.

Satisfied That "Neutrone Prescription 99" Is All That's Claimed.

This reliable prescription has, since being placed in the hands of the public, done more to remove Rheumatic Troubles than all previous remedies combined. It is different from other remedies in that it does not upset the stomach or impair the heart, a condition heretofore thought impossible. It is not a cure-all but a remedy to be taken internally treating Rheumatism as a constitutional disease, by its general action through the blood. The treatment is a most complete combination of rheumatism-reducing elements and is dependant to produce results from the fact that aims at rheumatism as a disease of the blood. Mr. Hugh Wallace, brother of Mr. David G. Wallace of this city, celebrated his 80th birthday anniversary at Pasadena Calif., on May 7th. He

HUGH WALLACE.

had his photograph taken that day, a copy of which was shown to the Advocate yesterday. Here it is. From the picture Mr. Wallace, who was a successful dry goods merchant, owner of the Bee Hive on the south side of the Newark public square many years ago, appears to be right now in the prime of life. He is well and enjoys good health. Mr. Wallace lives at the home of his daughter, Mrs. W. F. Mason, 250 State street, Pasadena, Calif.

SOCIAL EVENTS

SOCIETY EDITOR, AUTO PHONE 2212.

A number of social affairs have been given in honor of Mrs. G. S. Carpenter of New York City, formerly Miss Helen Loving of this city. Mrs. Carpenter is a guest at the home of Mrs. Carl Dayton, North Fourth street. On Saturday afternoon, Mrs. Wm. Schroeder entertained informally at auction bridge, honoring Mrs. Carpenter. After an exciting game the guests were entertained at dinner at the First Presbyterian church.

The following were the guests: Mrs. Carpenter, Mrs. Carl Dayton, Mrs. W. W. Ward, Mrs. Charles Flory, Mrs. Homer Jones, Miss Clara Scott, Mrs. Clyde Irwin, Mrs. H. B. Anderson, Mrs. J. P. Shat, Mrs. John Franklin, Miss Mary Elizabeth Fuller. On Monday afternoon, Mrs. C. F. Sites honored Mrs. Carpenter with a garden party at her home, East Locust street. The hours were whiled away with sewing and knitting and a delicious supper was served. The guests enjoying Mrs. Sites' hospitality were: Mrs. Carpenter, Mrs. Carl Dayton, Miss Louise Hunter, Mrs. Harry Scott, Mrs. H. B. Anderson, Mrs. Charles Flory, Mrs. Homer Jones, Mrs. Fred Mosteller, Mrs. Frank Webb, Mrs. Lawrence Krieg, Mrs. William Schroeder, Mrs. George Upson, Mrs. W. W. Ward, Mrs. George Flory, Miss Mame Smucker, Miss Gertrude Sook and Miss Grace Fulton. Mrs. S. W. Haight is entertaining at cards this afternoon for the pleasure of Mrs. Carpenter.

Plaine—Schwartz.

Simple rites marked the marriage of Miss Rena V. Schwartz and Private Louis N. Plaine, which was solemnized at 5:30 o'clock, Sunday evening at a Masonic temple, Zanesville, with Rabbi Rosenberg officiating. The affair had quite a military aspect as the bridegroom and best men wore in khaki, and numerous American flags were used in the decorations.

The bride was handsomely gowned in ivory satin with chantilly lace, and her bouquet was of bride's roses. Miss Helen Schwartz of Cleveland, a cousin of the bride, was maid-of-honor, and was beautifully frocked in pink georgette and carried pink roses. The bridesmaids were Miss Helen Englander of Cleveland, who wore a smart gown of blue georgette, and Miss Laura Freilich of Zanesville, who was gowned in flesh-colored net. The little cousins of the bride acted in the capacity of flower girls and ring-bearer. The flower girls—Sylvia Rezen and Roselyn Yamer—were frocked in pink and carried pink baskets filled with white sweet peas. Rowena Yamer, daintily clad in white, acted as ring-bearer, carrying the ring in the heart of a lily. Charles Hirsch of Newark, was the best man. The ushers were Corporal Philip Zimmerman of Camp Sherman, and Herbert Schwartz of Cleveland. A number of vocal solos were given by Corporal Zimmerman, and during the marriage service music was furnished by string instruments and for the dinner a four-piece orchestra played. The bride's mother, Mrs. Schwartz, was crowned in flesh-colored georgette, and Mrs. Plaine, the bridegroom's mother, was frocked in grey crepe de chine, and they carried purple sweet peas. Following the ceremony a wedding dinner was served with covers for thirty-five. At the conclusion of the dinner, Mr. and Mrs. Plaine left for a lake trip after which they will establish a temporary home at Chillicothe, near Camp Sherman.

Mrs. Plaine is a daughter of Mr. and Mrs. Sam Schwartz of Fountain square, and has been engaged as a teacher in the Zanesville high school for the past three or four years, securing a leave of absence at the close of the school year in May. Mrs. Plaine was a successful teacher and has been prominent in educational circles and was at the head of an

open forum formerly conducted at the Findlay avenue temple, Zanesville.

Private Plaine is a son of Mr. and Mrs. Louis Plaine of Newark, and is temporarily employed at fitting the new recruits with shoes at Camp Sherman.

Among the out-of-town guests were: Mr. and Mrs. Sam Schwartz, Miss Helen Schwartz, Herbert Schwartz, Miss Helen Englander and Jack Rubin, all of Cleveland; Mrs. Lottie Segelbaum of Kansas City; Mr. and Mrs. Philip Plaine, Maurice and Victor Plaine, and Charles Hirsch, all of Newark; Corporal Zimmerman of Camp Sherman, and Louis Supowitz of Wilmington.

Warner—Black.

On the law surrounding the home of Mr. James Black, near Granville, the marriage of Miss Margaret Olive Black and Mr. Edward Glenn Warner was solemnized on Monday afternoon at 3 o'clock. Rev. Mr. Stuckey of Granville, read the marriage service in the presence of only a few relatives.

The double-ring service was used. The bride wore a wedding gown of white satin, with overdrape of chiffon, and her bouquet was of bridal roses and white sweet peas. Her only attendant was her little niece, Virginia Coster. The Black home was prettily arranged for the occasion with a profusion of field daisies.

The bride is the daughter of Mr. James A. Black of the Granville road, and is a favorite among the members of her circle.

Mr. Warner is the son of Mr. and Mrs. Charles Warner of Newark, and until his call into the service of his country was manager of the Westinghouse office at Dallas, Tex. He is a member of the Phi Sigma Chi fraternity.

Samolio-Bieberbach.

The marriage of Miss Teresa Ellen Bieberbach and Mr. John Samolio took place at the parsonage of the East Main Street U. B. church on Monday afternoon, Rev. A. B. Cox officiating. The bridegroom is in the service of the United States and is stationed at Camp Perry.

THE COURTS

Asks \$3,000 Damages.

A petition for judgment was filed today in common pleas court by John Mosholder, Sr., against the Board of County Commissioners in the sum of \$3,000. The plaintiff says that in 1917 the defendant granted a petition for the construction of a ditch, known as the Gaylord ditch, in Harrison township and that the same has been constructed, traversing a portion of the plaintiff's farm. By reason of the construction of the ditch, six acres of the plaintiff's farm have been rendered valueless, it is alleged, and the said six acres were valued at \$3,000, for which amount, with interest, the plaintiff seeks judgment.

Marriage Licenses.

John Samolio, soldier, and Miss Theresa Ellen Bieberbach, both of this city. Rev. A. B. Cox named to officiate.

Real Estate Transfers.

Charles C. Rusk to William E. Shell, 40 acres, Etina township; \$1, etc.
Andrew J. Sanford to Carlos H. Hanks, part of outlet 63, Buskingham's addition; \$1, etc.
Lottie J. Shaw to Charles W. Griffith, 85 acres, Burlington township; \$1, etc.
Lottie J. Shaw to Reece L. Patton, 72 acres, Burlington township; \$1, etc.
Jennie Stasel to Mary J. Worley, inlet 1325, Fleek's addition; \$1, etc.
Wesley Montgomery, trustee, to Edward C. Hess, lot 1, Hazelwood addition; \$1, etc.
Heirs of Samuel Patton to E. E. Boyd, parcels in Burlington township; \$1, etc.

Divorce Petition.

A petition for divorce was filed in probate court today by Myrtle Stevey against Samuel Stevey on the grounds of gross neglect of duty. They were married on October 13, 1913, at Greensburg, Pa., and are the parents of two children—Geneva, aged 4, and Florence, aged 3. The plaintiff seeks a degree of divorce from the defendant; permanent alimony, and care and custody of the children.

Divorce Granted.

In common pleas court in the case of Gabriel L. Hensel vs. Odessa Hensel, a decree of divorce was granted, the defendant upon her answer and cross-petition, on the ground of gross neglect of duty.

Taken Under Adversity.

In the case of William A. Osborn vs. The State of Ohio, the court heard the evidence and the case was submitted. Osborn was found guilty by the jury and was sentenced to serve a term in the county jail. The defendant asked to be discharged from the custody of the sheriff on the ground that he had not been properly committed and for errors in the mittimus. The court took the case under advisement and will decide it after receiving written briefs which counsel have asked leave to file.

These are hard times, but it is doubtful if any man ever lived as completely as the Ten Commandments.

THE ROTARY CLUB HAD BUSY SESSION TUESDAY NOON

At today's session of the Newark Rotary club Messrs. A. Schiff, W. C. Kuster, E. E. Alban, Gus Weigand and R. C. Vanvorhis were elected directors for the ensuing year. Seven new membership applications were received and two new members, Prof. O. J. Barnes and Chas. E. Federman, are received into the club.

It having been reported that the local committee in charge of arrangements for the State Christian Endeavor convention is short of the required fund for the convention expenses, the Rotarians contributed \$156 towards this fund and voted an appropriation of \$200 out of the club treasury toward the fund now being raised for survey of Newark.

Mr. Jesse R. Walters spoke of the urgent need of farm help during the coming harvest and suggested a practical way by which Rotarians can assist the farmers of this community during wheat harvest.

The proposition was heartily endorsed as a result the farm labor situation will be improved. The Rotarians are either to help during harvest or to assist in finding men whose names are to be reported to Farm Agent Moull.

Rev. Joseph A. Bennett, former Newark pastor, now of Chillicothe, told of his splendid work among the soldiers of Camp Sherman and was elected an associate member of the Newark club.

The Rotary club desires announcement made that Thursday night's address by Gunner Depew at the high school will be free to everybody and that all are invited. Because Gunner Depew will accept no fixed fee or make no charge for his address the usual custom where Depew speaks will be followed. A collection will be taken, 75 per cent of which will go to Depew and 25 per cent to the Red Cross of Newark. In the patriotic meetings previously held under auspices of the Rotary club, the expenses has been borne by the club and it would have been so in this case but for the fact that Depew makes no charge and would therefore accept no fee from the club. In payment of his expenses Gunner Depew accepts a free will offering taken at the close of his address but one-fourth of the offering Thursday night will be given to the Newark Red Cross.

Next Tuesday evening the Rotarians and their families will have a picnic on the lawn of Mr. Harry Swisher in Hudson avenue.

TEN KILLED IN TWO ACCIDENTS AT CROSSINGS

ASSOCIATED PRESS TELEGRAM

Louisville, Ky., June 18.—Ten persons are dead and two others are probably fatally injured as the result of two accidents in this vicinity in which passenger trains and automobiles figured. Near Bardonia today an automobile containing Mrs. Emma Shelton and her four children of Shepherdsburg was struck at a crossing by a L. & N. passenger train. Mrs. Shelton, two of her infant children and an adult son were killed and an adult daughter was so badly injured she may die.

Near Moreland late yesterday a passenger train crashed into a machine containing George Hunn, a merchant of Stanford, his wife and five children. All were killed except one of the children, who it is believed, cannot survive its injuries.

AMERICANS FIGHTING ON GERMAN TERRITORY

ASSOCIATED PRESS TELEGRAM

Washington, June 18.—The war department authorized formally today the announcement of the fact that the Thirty-second division (National Guard) is now fighting in Alsace on German territory. Since the division has been in action its presence has been identified by the Germans, permitting the fact to be disclosed.

The Thirty-second division is composed of Michigan and Wisconsin troops which left this country commanded by Major General William G. Haan, under whom it was trained at Camp MacArthur, Texas.

Several units of the Thirty-second were on board the British liner Tuscania when she was torpedoed and sent down by an enemy submarine last February, and some of the members were among the relatively small number of victims of that disaster.

Private J. W. Gayton—who had the distinction of being the first man of the American forces to be killed on German soil. The division took over a sector of the line in Alsace, just north of the Swiss border only a short time ago.

CANTON MAN LED A DOUBLE LIFE

ASSOCIATED PRESS TELEGRAM

Canton, O., June 18.—Charles W. Knecht was taken to Millersburg today to answer a charge of bigamy. According to information in the hands of authorities, Knecht was married October 28, 1904, at Carrollton, to Pearl M. Fulk, and on September 5, 1917, he was again married to Nita Fair, of German township, Holmes county. He had lived in Canton for more than a year. It was said. The Canton directory shows a Charles W. Knecht residing at two places and a different name for the wife of each named resident. Officers allege the two Knechts listed are the same man.

M'ADOO APPEALS

TO AMERICANS TO

BUY WAR STAMPS

(Associated Press Telegram)

Washington, June 18.—An appeal
to all Americans to buy War Sav-
ings Stamps during the campaign
now in progress, was issued today by
Secretary McAdoo. The statement re-
minds those who remain at home
that the fighting men must have
food, clothing and arms and that the
purchasing of stamps offers direct
aid.

"Over eight hundred thousand
of America's sons are already on the
fields of France where the bloodstained
attacks of all history are raging,"
the statement says. "They are suf-
fering and dying for us at home.
They are giving their lives freely
heroically to save America and lib-
erties of mankind. They need food,
clothing and arms. Everyone who
buys war savings stamps or signs a
pledge to save and buy these stamps
over a period of time helps himself
and helps directly every American
hero in France."

Is not this the least each patriot
can do to enable our gallant boys to
fight victoriously or to die glorious-
ly in the cause of humanity and lib-
erty. Let no one who genuinely
loves America and wants to serve
fail to enlist in the great army of
war savers during this period ending
June 27, 1918."

tions south of Ambleux and east of
Montegout (taking 100 prisoners in-
cluding two officers).
"Between the Oureq and the Marne
French patrols took prisoners. Else-

MAY ESTABLISH
FIRE STATION
IN SOUTH END

By the adoption of a resolution introduced by Councilman Baker, a fire station will probably be established in the South End. The resolution proposed that the old South Third street school building be secured from the Board of Education and be converted into a fire department building. Councilman Baker stated that this could be done at very little expense and the equipment could be secured either from the North End or the West End departments, when the new motor trucks are installed in those departments.

This is a vital need for the people of the South End, especially at the time of the unusually long length of the trains passing through the city. The councilman stated that at times the crossings were blocked as long as fifteen minutes at a time and if a disastrous fire should occur at one of these times, the result would be that the fire would gain such headway that the loss would be enormous. In support of the resolution, he offered a petition signed by 14 property owners of the South End. After the adoption of the resolution, the safety committee was instructed to confer with the Board of Education.

The meeting was called to order by President L. Williams at 8 o'clock and all members responded to the roll call. After the disposal of the journal the reports of the various committees and members were received. Councilman Faust stated that some progress had been made in the garbage proposition but asked that the committee be given more time in order to make further investigations. Solicitor Henry C. Ashcraft reported that he had received further communications in regard to the East Main street paving. A letter from the War Industries Board was read and the board stated that the applications for the priority orders for steel rails had not been filed with them. These applications were sent to both the Ohio Electric and The Federal Asphalt company to be filled out for the materials needed for the completion of the contract. Both companies have failed to do this and it looks as if they did not want to go ahead with the work.

A resolution was offered by Councilman Knauber authorizing the president of the council to appoint a committee to confer with the Licking County Agricultural Society for the purpose of securing a lease on the fair grounds for park purposes. The committee appointed consisted of Councilmen Knauber, Faust and Riggs. Under the miscellaneous business Clerk J. S. Woodward requested that a meeting of the finance committee be held before the next meeting of the council to go over the appropriations. The meeting was set for next Monday night.

Councilman Newkirk had an interview with William S. Smith of the B. & O. Railroad company in regard to fixing the crossings at North and Stevens streets. After the condition of the crossings were explained to him he dictated a letter to the division engineer asking him to give the matter his immediate attention. Councilman Newkirk suggested that the councilman take up the matter of the Fourth and Fifth streets crossings directly with the railroad officials stating that he thought better results could be obtained through a personal interview than by legislation through the council.

In regard to the means of furnishing drinking water on the public square, Councilman Knauber stated that the Central Power company had driven two wells in the rear of the English Lutheran church and are not using them and would gladly donate them to the city if the city would pipe the water to the square. This would require 3,000 feet of pipe, a centrifugal pump and a small one horse motor. By this means an abundance of good water could be supplied at small cost.

Councilman Redman said there were a number of places in Dewey avenue, where the bricks were crumbling and asked for some relief in the matter and suggested that the city engineer and the director of public service make an inspection of the street and take it up with the contractor.

On Wednesday, June 19, at 8 p. m., the friends of St. John's church will have a splendid opportunity to see what the Evangelical church at large is doing in the interest of the kingdom of God. Motion pictures will be shown presenting "The Evangelical Church in Action." The pictures will be in charge of two young men who are at present attending Eden Seminary of St. Louis. The public is invited to attend this illustrated lecture. Admission will be free; a silver offering will be taken.

AH! DELICIOUS
EPSOM SALTS

Old, nasty metallic taste is all gone now

Instead of asking for the common Epsom Salts, ask for Epsomade Salts hereafter. You will get a big package for only 15 cents. Epsomade Salts looks and acts exactly like Epsom Salts, because it is Epsom Salts combined with fruit derivatives thus making a sparkling, effervescent lemonade-like drink for the liver and bowels.

Take a tablespoonful of this delicious Salts in a glass of cold water when you feel bilious, sick, head-achy or constipated and get the quick and splendid action of a dose of Epsom Salts without the horrible taste.

Epsomade Salts will replace the old Epsom Salts, Rochelle Salts, Sodium-Phosphate and Cathartic Pills in every home, say local druggists.

VIGOROUS MEN
AND WOMEN ARE
IN DEMAND

If your ambition has left you, your happiness has gone forever unless you take advantage of T. J. Evans' magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.

Be ambitious, be strong, be vigorous. Bring the ruddy glow of health to your cheeks and the right sparkle that denotes perfect manhood and womanhood to your eyes.

Wendell's Ambition Pills, the great, nerve tonic, are splendid for that tired feeling, nervous troubles, poor blood, headaches, neuralgia, restlessness, trembling, nervous prostration, mental depression, loss of appetite and kidney or liver complaint.

You take them with this understanding that: In two days you will feel better. In a week you will feel fine, and after taking one box you will have your old-time confidence and ambition or the druggist will refund the price of the box.

Be sure and get a 50-cent box today and get out of the rut. Remember T. J. Evans and dealers everywhere are authorized to guarantee them.

Annual Clearance Sale
Of Summer Merchandise Starts Wednesday Morning
Must Sell Merchandise at These Prices to Make Room for Fall Goods

Manufacturers say to us, if you want merchandise for fall, you must take your goods at once—or not at all—and we must have our splendid fall merchandise to take care of our vast number of customers—and in order to accept these new fall goods we must sell our summer merchandise at some price. While in most every instance of our clearance sale prices are less than we could buy the same goods for today, yet we prefer to have our friends and customers to derive the benefits of the wonderful savings than to sell them to jobbers, etc. Go over this clearance list carefully and you will quickly see how much you will save on the very merchandise you need now and for many months to come. These Goods at Clearance Prices while they last.
